Setup the EZ-UP canopy - see included instruction sheet.  
Install filters into fan/ventilation unit per instructions below.  
Position fan/ventilation unit to the back of the canopy with two exhaust filter panels lined up with exhaust holes in back of canopy.

Open/lift front filter door and install intake filters in this order:

A - Carbon Filters

B - Tri-Fold Panel

C - PreFilter (tape it down on both sides to hold in place.)

Install back exhaust filters in this order:

D - Carbon Filters

E - Tri-Fold Panel

C - PreFilter (tape it down on both sides to hold in place.)

Thank you for purchasing the Champ Mobile Prep and Paint Workstation.

Unit should only be operated with correct filters installed.  
Filters should be checked regularly and replaced when needed.  
Replacement filters can be ordered by calling 800-382-1200 or visit
