

One Stroke

LETTERING ENAMEL

One Stroke Lettering Enamel was the first lead-free lettering enamel on the market. It is an extremely high hiding, high gloss paint specially formulated to meet the requirements of the sign industry for an easy working, one stroke enamel. Designed to flow nicely, dry to a clean edge and leave no brush marks. These brilliant colors feature excellent gloss and superior durability with outstanding fade resistance for a beautiful, long-lasting finish. Ideal for signage, pinstriping and applications that require hand lettering. Available in Gallons, Quarts, Pints, Half Pints and now Quarter Pints. Learn more at ronanpaints.com.
