

MATCHGUN DF-MR007

High CRI and wide CCT produces the perfect lighting conditions!

The DF-MR007 MatchRight MatchGUN 5 Color LED Gun Lamp is a premium, super bright, and rechargeable flood lamp that fits in the palm of your hand or mounts to the included tripod. The high CRI (96+) lamp is the perfect light solution for producing the perfect lighting conditions while paint color matching and detailing. The UV mode is a great solution for quick leak detection and light curing jobs. The LED Screen has a battery indicator lets you know when it is time to charge and how much of a charge is left in the battery. The included USB charger and wall mountable base unit is able to charge the unit in 3 hours. On a full charge the MatchGUN will last for approximately 1.5 -12.5 hours in Main Light Mode (approx. 19 hours in UV Light Mode).

APPLICATION

Super bright LED with high CRI for color matching, paint polishing, and detailing. UV mode for leak detection and light curing.

FEATURE & BENEFITS

- 5 LIGHT COLOR - Wide CCT range from, 2700 to 6500K, to visualize truer color.
- HIGH CRI - Color Render Index of over 96 provides a true daylight view of the paint.
- TRIPOD & WALL MOUNT- Extra set of conveniences to make work life easier.
- Ultra Violet (UV) 3W LED - Great for quick leak detection and light curing jobs.
